

S4, 5 & 6 MASTER CLASSES TIMETABLE 2024

Please find detailed below Master Class sessions running during the first week of study leave for senior students. This will provide an opportunity for additional support and focused preparation in a classroom environment for students in the build up to exams. An updated timetable will be issued on Friday which will include all Masterclass sessions being offered during study leave.

Please note individual departments may be offering additional sessions and students should check with specific departments (and on Teams) if this is the case.

Students should be aware this is **in addition** to studying that should be taking place at home and not a replacement.
