

the National Parent Forum of Scotland

Dear S4, S5 and S6 Parents/Carers,

As part of the National Parent Forum of Scotland's commitment to support Local Authorities, schools and parents to improve parental involvement we would like to invite you to an event we are holding to hear about the experiences of you and of your child this school session 14/15. We are very interested in discussing how you have found the first year of the new Higher Qualification, the second year of National Qualifications 4 and 5 and how you feel some of the more practical changes were managed.

As a parent we value your reflections of how you feel that this school year has gone and ways that could help improve the experience for the next year's pupils sitting N4, N5 and Higher qualifications.

The NPFS will in turn feedback this parental perspective, at a national level, to the CfE Management Board, members of which include Scottish Government, Education Scotland and the SQA.

Details of the event are:

Date: Tuesday 26 May from 6.30 pm for a 7pm start until 8.30pm

Address: Room A426 in the Govan Mbeki Building
Glasgow Caledonian University,
Cowcaddens Rd
