

ONLINE LEARNING RESOURCES

MS Teams, accessed through GLOW or via app, is the main source of accessing work set by your class teacher. Please refer to the [Student Digital Fire Drill](#) and [online support video](#) which can both be found on the school website.

A list of online resources for each subject area can be found on our website at www.marr.sayr.sch.uk/studyskills. There are also additional online learning resources provided by a range of providers. Some of these are used regularly in school. The information below provides an overview of remote learning resources available.

S1-S3 Resources

 Microsoft Teams	All students have access to Teams via GLOW. We recommend you download the app to your desktop or device. https://glow.rmunify.com/
