Dear Parent/Carer,

S3 Curriculum Consultation November 2016

To ensure that the needs of all our students are met we are looking to refine our S3 curriculum structure with regard to the number of choices our young people will make. All students in S3 will continue to study English and Mathematics for 4 periods per week.

The proposal is that Learning Options will focus on six choices, each studied for 3 periods per week, to give further opportunities for depth of learning that will equip them with the essential skills for S4 and beyond. In addition, we will retain our Skills Options and core curriculum of PE, PSE and RME.

Please find enclosed our proposal in further detail. We would very much appreciate your thoughts on our S3 Curriculum and we would welcome any comments you may have on our proposal. This can be done by making comment on our attached Curriculum Proposal form.

Please note that our consultation period will end on **Friday 16th December 2016**.

Yours faithfully,

E McGregor-Sloman
Head Teacher
